Accelerated learning (A.L.) is the most advanced teaching and learning method in use today. It's a total system for speeding and enhancing both the design process and the learning processes. Based on the latest brain research, it has proven again and again to increase learning effectiveness while saving time and money in the process.

Accelerated Learning Workshop

RETENTION ACCELERATED Turnover can absorb resources at an astonishing rate. It is the most significant uncalculated expense in corporate America. Some estimates to replace a departing employee range up to a stunning 250% of that person's annual salary. Of course, if most of the people who left were poor performers, turnover would be a good thing.
