

british cruisers of world pdf

The first true armored cruiser was the Russian General-Admiral, completed in 1874, and followed by the British Shannon a few years later.. Until the 1890s armored cruisers were still built with masts for a full sailing rig, to enable them to operate far from friendly coaling stations.

Cruiser - Wikipedia

British anti-invasion preparations of the Second World War entailed a large-scale division of military and civilian mobilisation in response to the threat of invasion by German armed forces in 1940 and 1941. The British army needed to recover from the defeat of the British Expeditionary Force in France, and 1.5 million men were enrolled as part-time soldiers in the Home Guard.
