## **Information dashboard design : the effective visual**

Most information dashboards that are used in business today fall far short of their potential. The root of the problem is not technology at least not primarily but poor visual design.

## **Information Dashboard Design - The Eye**

Dashboards have become popular in recent years as uniquely powerful tools for communicating important information at a glance. Although dashboards are potentially powerful, this potential is rarely realized. The greatest display technology in the world won't solve this if you fail to use effective visual design.
