Lines Of Departure (2014) About book: Lines of Departure is a great military sci-fi novel. It felt very much like a middle novel and moved the story along from the first book, introduced some new alien baddies out to wipe out the humans and delivered a first victory against the aliens to wrap up the book. I enjoyed the first book a little more for it's Judge Dredd style welfare state police force noir.

Lines of Departure picks up approximately five years after the events of the first book in the series, Terms of

Enlistment. And those five years were not good to humanity. About half of Earth's precious colonies have been wiped out by the relentless, unfathomable Lankies. Meanwhile, on Earth the domestic situation is growing increasingly dire.

Amazon.com: Lines of Departure (Frontlines Book 2) eBook

Lines of Departure is Act III of Terms of Enlistment. I'm not sure why this particular chapter in the war against the Lankies was split into two books, but Lines of Departure reads like the second half of a single (long book) and continues to develop its characters and alien warfare story in a way that's consistently engrossing.

A gripping new novel from one of the best-known names in survivalist fiction. Former Marine-turned-author, G. Michael Hopf grabs readers from page one with his breathtaking blend of action, adventure, and political intrigue. The Endâ€”the first book in Hopf â€™s New World seriesâ€”has sold more than 50,000 copies, and word of mouth is quickly building on the series as a whole.
