By Luthans: Organizational Behavior Twelfth (12th) Edition

Organizational learning is the process of creating, retaining, and transferring knowledge within an organization. An organization improves over time as it gains experience. From this experience, it is able to create knowledge. This knowledge is broad, covering any topic that could better an organization.

Organizational learning - Wikipedia

Industrial and organizational psychology (I/O psychology), which is also known as occupational psychology, organizational psychology, and work and organizational psychology, is an applied discipline within psychology. I/O psychology is the science of human behaviour relating to work and applies psychological theories and principles to organizations and individuals in their places of work as ...
