Children's literature or juvenile literature includes stories, books, magazines, and poems that are enjoyed by children. Modern children's literature is classified in two different ways: genre or the intended age of the reader. Children's literature can be traced to stories and songs, part of a wider oral tradition, that adults shared with children before publishing existed.

Ailments, illnesses, and diseases were a mystery in the eighteenth and nineteenth century. Physicians were often baffled and did not have a clear understanding of microorganisms or how diseases were transmitted. They believed in the longstanding central principle of Western medicine, known as the Humoral theory, which believed in balancing the four humorsâ€”blood (sanguine), black â€”
