Print to PDF is a new feature in Windows 10 that allows you to print anything on your computer as a PDF file. This is an amazing feature that many users requested, but unfortunately, many users are reporting that this feature isn't working for them on Windows 10.

Fix: Print to PDF not working in Windows 10

I had the same problem on printing a PDF file. There's a nuget package called Spire.Pdf that's very simple to use. The free version has a limit of 10 pages although, however, in my case it was the best solution once I don't want to depend on Adobe Reader and I don't want to install any other components.
