NWEA MAP Assessments. Study connects test disengagement to student deep-rooted problems.

Personalized Learning and Adaptive Assessments: Parents need consent, transparency on how student data (and meta data) are used and shared.

NWEA MAP Assessments. Study connects test disengagement to

The availability heuristic is a mental shortcut that relies on immediate examples that come to a given person's mind when evaluating a specific topic, concept, method or decision. The availability heuristic operates on the notion that if something can be recalled, it must be important, or at least more important than alternative solutions which are not as readily recalled.
