Creating Custom Functions in Excel 2 | Page Course Description: This course covers how to create a custom function (sometimes called a user-defined function) in Excel. A custom function is a calculation that the user creates and names.

Creating Custom Functions in Excel

Excel provides a wide range of built-in functions to help you perform calculations and analyze data. You can also create custom functions (User Defined Functions) to perform specific tasks. This article will show you how to create custom functions in Excel. You can leave a response, report broken link, add links to the missing materials or just thank
