The Saga Of Rex (2010) About book: A little fox-like creature goes on a series of adventures through a fantastic world, meeting new friends and evading several enemies. This is just a compilation of all the Rex stories that have appeared in the Flight graphic novels. I thought there might be some extra material in this stand-alone book, but nope.

In The Saga of Rex by Michel GagnÃ© (200 pages) I hadn't expected there to be such a violent part in the book (a creature was about to be sacrificed, a creature was pierced through the stomach with a bloody knife, and a creature died), but it was okay because nothing stayed too sad for long.
